Coverage Summary

Coverage type	Calendar year deductible	DentaQuest will pay
Diagnostic and preventive services	None	100%
Restorative and other basic services	\$50 per covered individual / \$150 per family	80%
Complex dental services	\$50 per covered individual / \$150 per family	50%
Orthodontics (under age 19)	None	50%

Note: DentaQuest will pay the same percentage of the allowable charges for covered services received in and out of network. If you choose to see a non-contracting dentist (out of network), you will be responsible for the difference between the plan's allowable charges (what contracting dentists receive for payment from DentaQuest) and the dentist's usual and customary fees (what the dentist charges cash-paying patients).

Is there an out-of-pocket maximum?

For covered individuals under 19, the maximum out of pocket expense is \$350 for each calendar year. The maximum family out of pocket expense is \$700 for each calendar year.

Do I have out of network coverage?

Yes, DentaQuest will pay the same percentage for covered services received in and out of network. But if you choose to see a non-contracting dentist (out of network), you will be responsible for the difference between the plan's allowable charges (what contracting dentists receive for payment from DentaQuest) and the dentist's usual and customary fees (what the dentist charges cash-paying patients). This means you'll save more by receiving care from a contracting dentist.

The information on this coverage summary should be used only as a guideline for your dental benefits plan. For detailed information on your plan, riders, terms and conditions, or limitations and exclusions, refer to your plan's Individual Dental Plan Policy, which is available at www.dentaquest.com/personal. If you receive a treatment after you have exhausted your maximum or if you receive a treatment that will cause you to exceed your maximum, you may be billed at the dentist's normal rate rather than DentaQuest's negotiated rate.
