What is the waiting period for services?

There are never waiting periods for preventive or diagnostic services. Restorative services are subject to a 6-month waiting period.

Is there out-of-network coverage?

In AZ, GA, IL, MO, OH, TX and VA: YES, DentaQuest will pay the same percentage for covered services received in and out of network. But if the member chooses to see a non-contracting dentist (out of network), they will be responsible for the difference between the plan's allowable charges (what contracting dentists receive for payment from DentaQuest) and the dentist's usual and customary fees (what the dentist charges cash-paying patients). This means the member saves more by receiving care from a contracting dentist.

In FL, IN, LA, PA and TN: NO, If a member visits a dentist who is not in our network, they will be responsible for the entire cost of the services you receive. Members may only receive covered benefits from a non-participating dentist in the event of an emergency dental condition.

What are the annual limits and maximums?

The total benefits are limited to a maximum of \$1,000 per member for each plan year.

Do deductibles apply to diagnostic and preventive services?

No, the deductible only applies to Restorative, Basic and Complex dental services.

Are dependents covered?

Yes, dependent children are covered up to and including age 26.
